

Welcome to the Art Gallery of New South Wales.
Let your pencil take you on a creative journey
through our two buildings and across the campus.
Here are some ideas to get your imagination
flowing ...

You could draw the tiniest artwork you can find, an artwork that makes you smile, an unusual sculpture, something from nature, or an interesting pattern or shape.

Or draw a view from a window, an imagined or real creature, an architectural feature, another visitor, or something you eat in the cafe. The possibilities are endless.
